## DG Dawn's message

Well, there are less than two months until the end of this Rotary year and I can't believe it is almost over. We just finished our Whistle Stop Tour District Conference and it was so much fun. We had over 200 Rotarians come out to celebrate, to hear great speakers, meet Paul Harris and lastly, plant 80 trees on Earth Day. Thank you to everyone who helped make this conference a success!

Don't stop "Making a Difference" because we can still get that last project in and continue doing service as we have for the last 113 years. Service can vary enormously by region, county and Club. Each Club has its own identity and priorities to serve in the ways that suit them best.

We still have challenges to our identity as an organization. It is no surprise that many people who have heard of Rotary still have no idea what Rotary does or why we exist at all. Even within our own membership many members do not have an understanding of our organization and our goals. We need to get out in our community and use our new tool from Rotary International, the "People of Action" public image campaign. Public image is essential to our ability to build our membership and partnerships. Wherever we live or whatever our Rotary Clubs are involved with, our vision is the same around the world. We all see a world that could be a better place and because of Rotary, we have the opportunity to take action and unite to make that happen.

Membership is very important to our survival as an organization and the membership committee had a "Rotary Minglefest" in Glen Mills at Poz's Pub on Baltimore Pike. Wow, we had over 50 people join us and hear about Rotary! Thank you Gary Pawliczek and Karen Mazzarella-Russo for a great event. The district is looking to do another "Rotary Minglefest" in the Coatesville area in June and then again in July in the Lansdowne area.

On May 5th, we had our District Training Assembly under the leadership of DGE Paul Quintavalla. Thank you Presidents-Elect for stepping up to lead your Club starting July 1st. You will "Be the Inspiration" to move your Club forward.

Lastly, please remember to register for the Installation of our next Governor, Paul Quintavalla.

The date is June 7th and the location is Drexel Park in Newtown Square. This year the installation will be a barbecue, so mark your calendar and come out to join us for an evening of fun and celebration.

## 2014 Peace Fellow Lt. LaMonte Adams back on the job

**Lt. LaMonte Adams and classmate at Fellowship training in Bangkok.**

Lt. LaMonte Adams returned from his Rotary Peace Fellowship studies in Bangkok in March of 2014 to his job as a highly respected lieutenant on the Philadelphia Police Force. His present assignment in the Police Department is in the Dignitary Protection Section.

When dignitaries from around the country and from around the globe visit Philadelphia, Lieutenant Adams is in charge of providing a protection detail for them. It is such a coincidence that Lieutenant Adams, who studied in Bangkok, will soon be meeting a representative from the Thai Embassy in New York City to discuss a future visit to Philadelphia of one of the Thai Royal Highnesses.

Lt. Adams notes, "I greatly appreciate and will never forget the wonderful, life-enriching Peace Fellowship experience with which Rotary International has blessed my life.

I will always be grateful to the Rotarians of District 7450 who sponsored my successful application and especially Joe Batory who guided me through the complex application process."

Here is a bit of what Lieutenant Adams communicated while he was in Bangkok in February of 2014: "The Peace Fellowship curriculum here is absolutely a "state of the art" focus with international perspective re techniques of violence prevention, peace-building and mediation.

"I am continuing to learn and grow through what is a magnificent experience. New doors of knowledge have been opened to me! The instruction from the professors has been great, but the core essence of enhanced awareness has come from the other Peace Fellows.

"They are very uniquely wonderful international people. I truly believe that this particular class of Peace Fellows from around the world, was divinely chosen to be here together, and are destined to do great things independent of one another, yet also collectively!"

## About 100 turn out to plant 80 trees in Bob White Park on Earth Day

An estimated 100 Rotarians, family and friends turned out April 22 to plant 80 trees in Bob White Park in Upper Merion Township in the final event of District Conference weekend.

The tree-planting project was coordinated by the District Tree Committee in partnership with the Pennsylvania Horticultural Society (PHS). The event was in response to a challenge to Rotarians by Rotary International President Ian Riseley to plant one tree for each member during this Rotary year.

Rotarians raised \$12,025 to fund the trees which were selected by PHS staff and delivered to the park.

Among the donations was \$2,000 from the Rotary Club of Tokyo. Two cherry trees, which were among the 15 species of trees from the PHS, were planted by Ardmore Rotarians in recognition of the Tokyo Club. Ardmore Rotary Club has a 45-year partnership with the Tokyo Rotary Club dating to 1973 when the Ardmore Club sent 300 dogwood trees to the Tokyo Club for planting in the Imperial Gardens. That gift

was in response to reports the dogwood trees in the Imperial Gardens were dying. Those trees were sent by President Howard Taft in 1915 as a gift of friendship in response to Tokyo's 1912 gift of 3000 cherry trees which were planted along the Tidal Basin in Washington, D.C. Representatives from the PHS conducted a pre-planting session to explain how to handle and plant the 50-pound balled tree's.

## Philadelphia Rotary Club hosts LaSalle Academy student presenters

Three seventh-graders from LaSalle Academy's Early Act Club in the Lower Kensington section of Philadelphia stole the show at the May 3 luncheon meeting of the Philadelphia Rotary Club. The students told the Rotary members about their school, which runs from 8 a.m. to 5 p.m. each day for 11 months each year. The school literally rose from the dead in 2003 after a large Catholic parish closed due to economic conditions and a small group of nuns and Christian Brothers established the LaSalle Academy in the old convent of the parish. The average family income of students at La Salle Academy is \$ 18,200. In addition, 62 percent of the students are from single-parent homes, eight percent live with a grandparent or with another family member and 23 percent of the students have one parent incarcerated. Despite these statistics, each of the LaSalle Academy families shows their support with a nominal \$200 yearly tuition. The Rotary Club of Philadelphia has become one of many partners in support of this school which basically runs on donations as an independent Catholic school which respects children of all faiths. Philadelphia Rotary Club PP Joe Batory welcomed the students who were accompanied by LaSalle Academy President Sister Jean McGowan.
