

# District 7450 Rotary Leader

Volume 9 Number 9

March, 2015

## Message from DG Doug

As many of you already know, I am still HAPPILY conducting my Official Visits to various Rotary Clubs throughout the District. Every visit has been a pleasure and I do not expect that to change as I complete my “rounds” in the next month or so. It is an “old saw” in Rotary that Rotary starts with its Clubs and the members of those Clubs.

Here is another example of real Rotary commitment for all to reflect upon. I recently visited the Chester Pike Rotary Club (meeting in the Prospect Park community) and was expecting the highlight of my visit to be the presentation of the Club's 75th Diamond Anniversary Certificate from Rotary International.

But as it turned out, and wonderfully so, that wasn't the highlight of the meeting nor was my Official Visit either. The highlight was hearing from three high school seniors their appreciation for being designated “Student of the Month” by this committed Rotary Club. The three shared their high school experiences and goals for their futures. To the great credit of the Chester Pike Rotary Club, they invited not only the “Student of the Month” from each of their three high schools, but the student's parents and guidance counselor as well. So this small Club had 12 guests in attendance for their March meeting.

This Club honors a “Student of the Month” not just “once a year”, but for every month of the school year! Add it up! That amounts to 27 “Students of the Month” and another 81 invited guests. Congratulations Chester Pike Rotary for recognizing youth achievement and honoring service and education at the same time!

Now, I've “singled” out the Chester Pike Rotary for this acknowledgment, but Chester Pike is not alone. Another example is provided by my own small Wayne Rotary Club, which has just had the honor of sponsoring a newly Rotary International approved Rotaract Club at Cabrini College.

Clubs big and small throughout the District are busy raising money and doing work at home and abroad. But there is another reason to mention these achievements—it reminds us that achievements do not occur automatically—they require effort and innovation! So, use this spring time to think about what your Club does well and what it can therefore share with other Clubs about your successes.

## DGE Chad Rosenberg salutes two for design of District pin, banner

District 7450 DGE Chad Rosenberg saluted Julianna Blazey and DGN Dave Haradon for their work on the redesign of the District 7450 lapel pin and the new official District Banner during the opening session of MAPETS last month.

Following the recognition, DG Doug Blazey presented the very first, newly designed pin to Rotary International President-Elect Ravi Ravindran following DG Doug's welcoming remarks at breakfast. Julianna Blazey attended the training session not only as wife of the District Governor but as president-elect of the Wayne Rotary Club.

## All in the Family of Rotary

When Andrew (Andy) Keen (third from left) was recently inducted into the Rotary Club of West Chester, it was the continuation of a long family tradition of Rotarians. Andy, a local realtor, follows in the footsteps of his father and grandfather. Celebrating the event are (from left) West Chester Rotary Club Past President Sue Casso-Rogers, President Rob Feenan, Andy Keen, his grandfather, William T. Keen Sr., a retired lawyer and member of the Thorndale Rotary Club, and his father, William T. Keen Jr., a lawyer and member of the Thorndale Rotary Club.

## Message from DG Doug

*(Continued from page one)*

But also think about where your Club is not performing as you hope and where, therefore, your members need to innovate and work and ask for some "in-bound" assistance from your Assistant Governor, District Committees and Clubs that have succeeded in the area or areas in which your Club is struggling.

Let's use our "sister" Clubs and our District as helpers in our journey of fellowship, learning and service. We can and are more than the sum of our parts! Also, use the process of determining your Club's eligibility for the Presidential Citation as an opportunity to consider strengths and weaknesses. A little introspection will help us "Shine" better, be a more visible inspiration to our neighbors, and encourage well intentioned citizens to consider joining with us in Rotary!

You may have already completed or nearly completed the requirements, so why not be recognized for your good works and send in your application for the Presidential Citation as soon as you can!

I also want to encourage Rotarians to volunteer for service on seven new District Sub-Committees under the District Service Committee. One Subcommittee for each of Rotary's Six Areas of Focus and at least one more for local and international service projects that may not "fit" into one of those six areas.

For example, I know some Clubs help the elderly with home repairs, support a senior center with a new ramp or to paint a meeting room or contribute computers, or generate marketing initiatives that both raise funds and promote community service.

I do not want these good ideas "lost" simply because they do not easily fit within one of the RI Global Six Areas of Service.

Think of these subcommittees much as you do about that Library Reference Desk at your local or college library that you visit when starting a new project. That Reference Desk is a place you go for assistance in conducting research or finding the needed information.

Similarly, I hope these new Subcommittees will assemble an inventory of successful projects conducted by District Clubs along with references to the Rotarians conducting them so that any other Rotarian or Club seeking to develop a similar project will have a place to go as they consider undertaking a similar project. Let's not always "reinvent the wheel", but let's help each other start "firing on all eight cylinders" sooner rather than later!

Finally, I look forward to seeing many of you on Saturday, April 25 as I travel the District to visit various projects on "Rotarians at Work Day" and then at the District Assembly on May 11.

Please reach out to Service Committee Chair Bill Ronayne for any assistance in registering and recording your Service project and hours related to "Rotarians at Work Day". See you soon!

## Philadelphia Rotaractors planning active schedule

The Philadelphia Rotaract Club, housed on the University of Pennsylvania campus, ended 2014 with its Breakthrough Collaborative College Panel to which Philadelphia high school students were invited to explore the higher education opportunities available to them.

Philadelphia Rotaractors also participated in Rotary's "End Polio Now" campaign by hosting a "Pizza for Polio" fundraiser where enough money was raised for over 1000 doses of polio vaccines.

This spring, the Philadelphia Rotaract Club will continue its local service initiatives

at the UC Soup Kitchen, Transplant House, and Ronald McDonald House as well as special events.

The Rotaractors are hoping to plan activities with the new Catholic High School Interact Club and Andrew Jackson EarlyAct Club in Philadelphia.

The Rotaractors also will host "Philly Factor", its annual charity talent show April 11.

The Philadelphia Rotaractors also thanked the Rotary Club of Philadelphia for "all the support which enabled the Club to grow and strengthen over the years."

Philadelphia Rotaractors Maaya, Fidele and Stefana are making tutus for patients at the Children's Hospital of Philadelphia on MLK Day of Service.

## District Rotaractors celebrate 'World Rotaract Week'

The Philadelphia Rotaract Club hosted the District 7450 World Rotaract Week Celebration March 16 at the Hub in Center City. Attending were Rotaractors from Philadelphia, Swarthmore College and Cabrini College Clubs and the soon-to-be chartered Drexel

University Club. During the evening, District Governor Doug Blazey and District Governor-Elect Chad Rosenberg thanked the Rotaractors for their participation in Rotary.

## Rotarians host Miss Universe Contestants

Upper Darby-Lansdowne Rotary Club welcomed two contestants in the 2015 Miss Universe Pageants last month. Program chair David Shaheen (left) and Club President Ron Cole welcome Jashmine Daniels, Miss Pennsylvania USA Teen, who will be competing in the 2015 Miss Teen Universe Contest, and Elizabeth (Liz) Cardillo, who will be representing Pennsylvania in the 2015 Miss USA Pageant. Both discussed their roads to the competition. Jasmine said she was not involved in pageants growing up, but wanted to be a model. She was second runner-up in her first Miss Teen Pennsylvania last year, when she was 17. Her platform is bullying. Liz, 24, from Pittsburgh area, also was not interested in make-up and pageants when she was younger. She decided to enter Miss Universe to make friends and won the Miss Pennsylvania title, much to her surprise. Liz is adopted and her platform will shed light on foster care and focus on kids waiting to be adopted. She said that she really got lucky, being adopted into a wonderful family.

## Kennett Rotaract Club elects officers

The Kennett Area Rotaract Club reached its first two milestones since its founding this winter. The Club inducted its first slate of officers on Wednesday February 25.

They are (from left) Secretary/International Service Chairperson Amanda Schneider, Community Service Chairperson Laura Mackiewicz, President Brooke Williams and Vice-President Matthew Conant. Not present for the induction was Finances Chairperson Doug Palic and Treasurer and Club Services Chairperson Ben Wann. The second milestone is the Club has taken on its first project: helping children escape slavery. President Williams said, "It costs about \$360 per child to rescue them from slavery. These are the funds needed to remove them from the slavery environment and enroll them into an educational program that will give them the skills they need to survive and thrive independently." Fundraising for this project will start soon.

## West Chester Rotary Club collects, delivers soup to homeless shelter

For the fourth year in a row, members of the West Chester Rotary Club have supplied

soup to Safe Harbor, a Chester County shelter for homeless men and women during the month of February. Gathering up containers to fill with soup for delivery to Safe Harbor are (from left) Rotarians Joanne Tadeo, Katie Martin, Glen Sweet, Diane Lemonides and Shauna Yeldell. Diane Lemonides chairs this Rotary project, which yields over 100 gallons of soup for Safe Harbor.

## Glen Mills-Thornbury Rotarians hear human trafficking report

By Carol Metzker

Carol Metzker, Past President of West Chester Downtown Club and a volunteer at Dawn's Place, presented program on human trafficking at , Glen Mills-Thornbury Rotary Club meeting.

No one wants to think about human trafficking in his or her hometown. It's an ugly subject that's tough to face.

But it's here in Pennsylvania, and throughout the United States as well as in every other nation in the world.

In fact, in the last two years, there were nearly 250 cases of human trafficking in Pennsylvania..

Human trafficking is modern slavery. It is defined as working against one's will because of force, fraud or coercion.

Survivors of human trafficking at Dawn's Place, where I volunteer, have taught me what it really means.

One survivor didn't go to the grocery store for ten years; many didn't know where their next meal was coming from.

One called her home an "abandominium" because the term sounded fancier than saying she lived in an abandoned building without heat or hot water. Most never made hard decisions; they also had no control over their actions, their thoughts or their dreams.

Quilt made by residents of Dawn's Place, a shelter for female victims of human trafficking.

## EarlyAct Club to focus on recycling, the environment

Philadelphia Rotarian Anna Perini (back, second from left) joins some student leaders at Andrew Jackson School's Early Act Club and Kelli Mantell

## Rotary Foundation presents check

PDG/District Foundation chair Bonnie Korengel (right) and Mikael Nordstrom of the District Rotary

Foundation Committee, presented a check for a matching grant to Paoli-Malvern-Berwyn (PMB) President Carol E. Robinson (holding check) to fund the "I Like Me Literacy" program in kindergarten classes in five Tredyffrin-Easttown elementary schools. Also on hand are PMB Past President Cindy Petty (second from left) and PNB Grant Chair Carla Chieffo (second from right). The grant matches PNB and Gundaker Foundation funds, which add up to \$5,000 to fund the program. The program provides personalized books for each kindergarten student that reference the child individually, his or her two best friends, teacher and school.

## **K of P Rotarians to plant nine trees as memorial to PDGs**

The King of Prussia Rotary Club hopes to plant nine redbud trees in Valley Forge Park behind the Paul Harris Rotary Monument in the Rotary Grove on April 25, "Rotarians at Work Day".

Club President Barbara McMullan said the project has received the support of the Gundaker Foundation with a matching grant. "We are delighted to have the support of the Gundaker Foundation for this worthy effort that honors our deceased, past District Governors," she added.

The Club is asking District 7450 Rotary Clubs for financial support and help with the planting, starting at 9 a.m. at the Rotary Monument, Saturday, April 25. The Club also invites members of the Rota-

ract and Interact Clubs to volunteer for the spring planting and future maintenance efforts.

President McMullan said, "We see this as a community project that will create a lasting memory of the service of our deceased past District Governors."

The Monument was dedicated by Rotary in 1977 in connection with the Bicentennial. It was placed in the grove which was shaped by a mile long row of trees.

For more information about the tree-planting, contact [barbara.mcmullan@mcdal.com](mailto:barbara.mcmullan@mcdal.com).

## **Second center for mothers and children opens in Japan**

Ardmore Rotary Club has joined with the Rotary Clubs of Tokyo and Kesennuma, Japan to rebuild a building damaged in the 2011 earthquake and tsunami which now houses the "Kesennuma Sukusuku Home" ( at right) for mothers and children left homeless by the disaster. The "Home" is operational and is expected to serve 2500 women and children. Ardmore Rotary Club received support during a drive to raise \$27,000 for the project from Gundaker Foundation, Rotary Foundation, Rotary District 7450, and Broomall, Bryn Mawr,

Coatesville, Media, Swarthmore and Washington D.C. Rotary Clubs. The "Home" is the second center for mothers and children for which Ardmore Rotary Club has contributed funds since the 2011 earthquake. The first "Rotary Child Care Home" in Rikuzentakata City, north of the second center, opened in 2012.
